

# Uruk-Hai Berserker Helmet Kit Instructions

## RECOMMENDED SUPPLIES

Sandpaper  
Spot filler putty  
2-Part epoxy  
White Spray Primer

Rustoleum Hammered Silver Spray Paint  
Acrylic Black and white  
Gloss Top coat  
(optional) leather for chin strap

## HELMET ASSEMBLY

1. First trim off all flash around base and cut out the eye holes. Sand interior until comfortable.
2. Add battle damage to your helmet by adding scratches, scrapes, sword blows and random cuts.
3. Paint entire helmet with primer, then a coat of Rustoleum Hammered Silver.
4. Apply a wash of black acrylic paint to bring out detail and knock down the shine of the paint.
5. Put a nice big white hand print in the center of the face with acrylic white paint and your hand (or brush.)
6. (Optional) Add leather strap based on templates on following page.
7. Put on your helmet, grab your sword and track down those stinkin' hobbits!
